

EXCHANGE CONNECTOR OPTION

Direct Access to ONEPOINT Projects from Microsoft Outlook/Exchange

ONEPOINT's Exchange Connector Option provides push-synchronization of ONEPOINT activities to Microsoft Exchange. Users can easily get direct access to their activity lists via Microsoft Outlook, one of the most common email clients.

Save time and improve assignment planning with quick access to activity lists through activity-syncing from ONEPOINT and easy scheduling of own assignments locally in Outlook/Exchange calendar

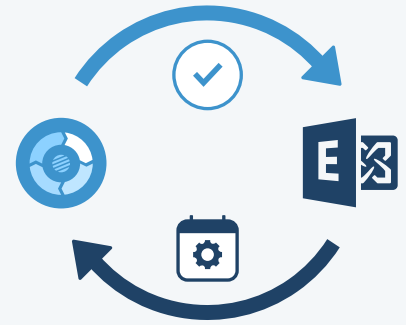

Ensure delivery of mission-critical work package assignments and changes through push-synchronization of ONEPOINT activities to Microsoft Outlook/Exchange

Optimize resource planning through up-to-date availability information via syncing out-of-office time back to ONEPOINT

Reduce administrative efforts and costs for project and team managers through easier management of unavailability periods
